

# MILLINE ON SINU JÕULUOOTUSE TUNNE

Mis värv see tunne on?

Kus see värv on sinu kehas

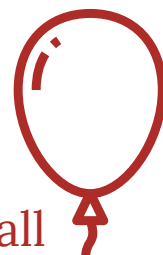

Kui suur see tunne on?

suur nagu mägi

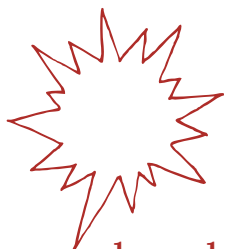

väike nagu sipelgas

keskmine nagu õhupall

Kui saaksid oma tunnet katsuda, siis see...

okkiline

lainetav

hüplik

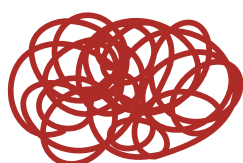

pehme

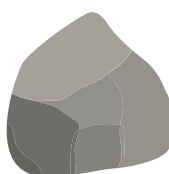

keerlev

segane

kõva

Milline veel võib sinu jõuluootus olla?
